

## NEW VENTURE SERVICES

*Shaheen, Novoselsky, Staat, Filipowski & Eccleston, P.C. is a full service law firm with nearly a half-century of service to our clients.*

---

As an entrepreneur starting a new venture, you are faced with numerous complex decisions that are crucial in the formation and operation of your business entity. SNSFE attorneys can assist you in this start-up process to ensure you make wise decisions and protect your interests in order to begin operations on firm legal footing. We also seek to educate you on many of these issues to increase your own awareness and self-sufficiency.

Our suite of **fixed-fee** legal services includes:

### **ENTITY FORMATION AND COUNSELING \$850**

SNSFE will help you understand the consequences and benefits of different legal structures to enable you to choose an entity suited to your new business idea and goals. We will complete all entity formation and filing requirements and provide blank form consents for future use if you elect to keep your own minute book.

### **CONTRACT COUNSELING \$500**

SNSFE will analyze your business operations to determine the areas most in need of formalization. We will provide you with either:

- One form contract customized to your needs; or
- Review and comment on a contract you bring to our attention.

### **INTELLECTUAL PROPERTY COUNSELING \$350**

SNSFE will assist you in determining what types of intellectual property you may have and the steps you can take to protect it. We will provide advice on formalizing one or more categories of your intellectual property, including trademarks, copyrights and patents, and instruct you on how you can formalize trademarks and copyrights with applicable state and federal agencies on your own in the future.

### **REGULATORY COUNSELING \$350**

SNSFE will review your operations to identify regulatory issues affecting your business, the business licenses and permits required by federal, state and local law, and advise you on the steps to take for obtaining the appropriate licensure to avoid noncompliance.

### **LEGAL ISSUES COUNSELING \$450**

SNSFE will alert you to potential legal issues that may confront your business now or in the future due to changing circumstances within your business, its management or changes in the law. Our goal is to help you identify issues that you may be able to handle on your own and advise when it is prudent to obtain legal counsel.

**TOTAL PRICE: \$2500.00** *not inclusive of costs and filing fees*

(Also available on a service-by-service basis.)
